PLC High

This term PLC High is exploring poetry and working towards finding a range of poetic devices in a variety of poems.

In Maths we are exploring Chance and Data and will be working on hands-on tasks to assist us in our learning.

We have introduced a new Maths game to our class this term – Dice Footy, which the students have really enjoyed.

Welcome and congratulations to our newest members Dan, Lili and Tom, who have settled into the class very well.

Happenings on our campus!

PLC Upper

This term the PLC Upper is exploring humorous poetry with the aim of writing their own poem.

In Maths we are learning about fractions and the relationship between multiplication and division. In Science we are investigating the Earth, Sun and Moon and the relationship between day and night. We will be conducting an experiment which will investigate shadows.

SEP Courses Term 3

Girls Rock

Focus LA: HPE, English

A course specifically for girls that focuses on, and promotes, a positive self-esteem and self-image. Students will look at the many influences that affect their behaviour, attitudes and choices, such as stereotypical media, peers, environment and culture. As well, the students will learn how to set short and long term goals (personal and academic). This course will involve off campus trips.

Beginner’s Woodwork

Focus LA: Technology, The Arts

Designed for students who have little or no previous experience with simple hand tools, this course aims to develop students’ self-confidence and personal success through completing a number of simple woodwork projects with guided instruction. Following simple diagrams, accurate measuring, listening to instructions and apart of this course.

Art Cafe

Focus LAs: The Arts, HPE, Technology, English

Students will work cooperatively to create and run a cafe. Students will learn a variety of visual art skills and apply these to complete projects representing their own values, beliefs and observations. A Cafe Gallery will be organised to showcase students work produced, culminating in skills in their art journey.

About the House

Focus LAs: English, Maths, SOSE, Technology, HPE

This unit requires students to work collaboratively to complete activities applicable to the home environment. With an underlying health, hygiene and safety focus, students will engage in household routines, food preparation, home styling and leisure activities to acquire knowledge and understanding of work and leisure related aspects of home living.

Piecing it Together

Focus LAs: The Arts, Technology

This course is designed for students with little or no previous experience with sewing machine use. Students will explore design elements and principles and actively manipulate textile materials and equipment to create fabric items for practical and decorative purposes.
